

SYC Race Mark Status

Issued 03/02/24

The purpose of the table below is to report and record any issues with our racing marks. Weather conditions etc. may alter the reality at any time, so if you are aware of any changes, please record a GPS position and post it to the "SYC Race Management" WhatsApp group or send it to the SYC Keelboat Section via the website at <https://www.sussexyachtclub.org.uk/contact-syc/>. The information on this page should be used by Race Officers when planning racing.

Race Chart

Please use this race chart for inshore races. It includes our beach start lines, Lancing & Old Fort, for all races not started with a committee boat.

See the Race Mark Status details above for the latest news on mark locations and availability. These positions may be updated from time to time and the distances and bearings all relate to the official positions. If their actual position is considered adequate for racing then there will not be an urgent initiative to move any of the Marks. Race Officers and Skippers should satisfy themselves of the positions of the Marks before using them.
